Ely's Cream Balm has been tried and not found wanting in thousands of homes all over the country. It has won a place in the family medicine chest among the reliable household remedies, where it is kept at hand for use in treating cold in the head just as soon as some member of the household begins the preliminary sneezing or sniffing. It gives immediate relief and a use or two treatment will put a stop to a cold which, if not checked, becomes chronic and run into a bad case of catarrh.
